Sarah Crawley,
Stroud Planning Department,
Ebley Mill,
Stonehouse,
Glos.

Dear Sarah,

Please find enclosed an application for a proposal at William Morris House Community in Eastington.

We had a pre-application meeting with you about this proposal on the 5th of July last year. This design is based around what we discussed and the feedback you gave at this meeting.

As recommended William Morris House held a community consultation at Eastington Community Centre on the 27 of March 2012. About 25 local people attended and we gave a presentation on the scheme and allowed time at the end for questions and answers.

People seemed to be generally supportive of the scheme and the work that William Morris House does. The main concerns that came up were focused around the existing parking situation on Chipmans Platt and the desire for parking to be improved on the site. Several attendees wanted reassurance that the parking facilities would be implemented in Phase 1 of the development.

If you have any questions or require any further information. Please don't hesitate to get in touch with me on 01453 861 222.

Kind Regards,

Tomas Millar
