REFUSAL OF CONSENT TO DISPLAY OF ADVERTISEMENTS

To Messrs. Struckett & Son, Westminster Bank Chambers, 106 Whiteladies Road, Bristol, 8.

Agent: Messrs. Speedway Sign Service Ltd., 4 Leyfield Road, Shephords Bush, London W.12.

In pursuance of their powers under the above-mentioned Act and Regulations, the Council as Local Planning Authority hereby REFUSE TO GRANT CONSENT to the display of the advertisement described hereunder:—

Description of Site

Castle Hotel Site, Parsonage Street, Dursley.

Dursley Rural District O.S. Glos 56.3 Edition 1921

Dursley Parish Parcel No. -

Description of Advertisement

Display of a notice board to advertise development of and accommodation available. Overall size of sign 12' x 8'. Height from ground to top of sign 16'. Size of symbols 8".

The reasons for the Council's decision to refuse consent are:—

This sign is too large for this site and would be out of scale with the surroundings and would dominate this part of the street picture. Having regard to the location of the site on two road frontages and the ease with which any sign could be seen, there appears to be no justification for the erection of a sign of a size outside the class not requiring express consent.

Dated this 5th day of May, 1965.

GUY H. DAVIES
Clerk of the Council.

NOTE. If the applicant is aggrieved by the decision of the Local Planning Authority to refuse consent for the proposed advertisements, or to grant consent subject to conditions, he may by notice served within one month of receipt of this notice or such longer period as the Minister may allow, appeal to the Minister of Housing and Local Government in accordance with the provisions of Regulation 20 of the Town and Country Planning (Control of Advertisements) Regulations, 1960. The appropriate form should be obtained from: The Secretary, Ministry of Housing and Local Government, Whitehall, London, S.W.1. The Minister is not, however, required to entertain such an appeal if it appears to him that having regard to the provisions of these Regulations, consent to the display of advertisements in respect of which application was made could not have been granted by the Local Planning Authority, or could not have been granted otherwise than subject to the conditions imposed by them.

NOTES.

1(*a*). Where, on application being made for consent under the Town and Country Planning (Control of Advertisements) Regulations, 1960, consent is refused by the local planning authority or is granted by them subject to conditions, the applicant may appeal to the Minister:

Provided that the Minister shall not be required to entertain an appeal under Regulation 20 if it appears to him, having regard to the provisions of the aforesaid Regulations, that consent for the display of advertisements in respect of which application was made could not have been granted by the local planning authority, or could not have been granted otherwise than subject to the conditions imposed by them. Where a requirement of the discontinuance of the display to which this notice relates has been included therein pursuant to regulations 8 and 17 (4) the requirement shall take effect, if an appeal is made under regulation 20, only if consent is refused by the Minister and then at the expiration of 28 days from the notification of the Minister's decision.

1(*b*). Any person who desires to appeal under Regulation 20 of the Town and Country Planning (Control of Advertisements) Regulations, 1960, shall give notice of appeal in writing to the Minister within one month from the receipt of notification of the local planning authority's decision, or such longer period as the Minister may allow, and shall furnish to the Minister a copy of the following documents:—

(i) the application made to the local planning authority;

(ii) all relevant plans and particulars submitted to them;

(iii) the notice of the decision, if any;

(iv) all other relevant correspondence with the authority.

1(*c*). The Minister may, if he thinks fit, require the applicant or the local planning authority to submit within a specified period a further statement in writing in respect of any of the matters to which the appeal relates, and if, after considering the grounds of the appeal and any such further statement, the Minister is satisfied that he is sufficiently informed for the purpose of reaching a decision as to the matters to which the appeal relates, he may decide the appeal without further investigation; but otherwise the Minister shall, if either party so desire, afford to each of them an opportunity of appearing before and being heard by a person appointed by the Minister for the purpose.

1(*d*). Where an appeal is brought under the aforesaid Regulation from a decision of the local planning authority the Minister may allow or dismiss the appeal or may reverse or vary any part of the decision of the local planning authority, whether or not the appeal relates to that part, and deal with the application as if it had been made to him in the first instance.

1(*e*). The decision of the Minister on an appeal under the above-mentioned Regulation shall be final.

2(*a*). Any person who is required under the Town and Country Planning (Control of Advertisements) Regulations, 1960, to remove an existing advertisement which was also being displayed on the seventh day of January, 1947, or to discontinue the use for the display of advertisements of any site being used for that purpose on the 1st August, 1948, and who desires to claim compensation under Section 126 of the Town and Country Planning Act, 1962, in respect of any expenses reasonably incurred by him in carrying out works in compliance with such a requirement, shall submit a claim in writing to the local planning authority within six months after the completion of such works; and such a claim shall contain sufficient information to enable the local planning authority to give proper consideration thereto, including, in the case of a claim in respect of the removal of an advertisement which was being displayed on the seventh day of January, 1947, and on the 1st August, 1948, a statement that such advertisement was being displayed on both those dates.

2(*b*). If the local planning authority consider that the information furnished by any claimant under Regulation 30 is insufficient to enable them properly to determine the claim, they may call for such further particulars as they require for that purpose.

3. Save only as excepted by the Regulations, it shall be a condition of every consent given by or under the Town and Country Planning (Control of Advertisements) Regulations, 1960 (whether expressly imposed or not) that before any advertisement is displayed on land in pursuance of the consent the permission of the owner of that land or other person entitled to grant permission in relation thereto shall be obtained.

4(*a*). The amount of the fine to which a person who displays an advertisement in contravention of the Town and Country Planning (Control of Advertisements) Regulations, 1960, is liable on summary conviction under subsection (2) of Section 63 of the Town and Country Planning Act, 1962, is fifty pounds and, in the case of a continuing offence, forty shillings for each day during which the offence continues after conviction.

4(*b*). NOTES.

1(*a*). Where, on application being made for consent under the Town and Country Planning (Control of Advertisements) Regulations, 1960, consent is refused by the local planning authority or is granted by them subject to conditions, the applicant may appeal to the Minister:

Provided that the Minister shall not be required to entertain an appeal under Regulation 20 if it appears to him, having regard to the provisions of the aforesaid Regulations, that consent for the display of advertisements in respect of which application was made could not have been granted by the local planning authority, or could not have been granted otherwise than subject to the conditions imposed by them. Where a requirement of the discontinuance of the display to which this notice relates has been included therein pursuant to regulations 8 and 17 (4) the requirement shall take effect, if an appeal is made under regulation 20, only if consent is refused by the Minister and then at the expiration of 28 days from the notification of the Minister's decision.

1(*b*). Any person who desires to appeal under Regulation 20 of the Town and Country Planning (Control of Advertisements) Regulations, 1960, shall give notice of appeal in writing to the Minister within one month from the receipt of notification of the local planning authority's decision, or such longer period as the Minister may allow, and shall furnish to the Minister a copy of the following documents :—

(i) the application made to the local planning authority;

(ii) all relevant plans and particulars submitted to them;

(iii) the notice of the decision, if any;

(iv) all other relevant correspondence with the authority.

1(*c*). The Minister may, if he thinks fit, require the applicant or the local planning authority to submit within a specified period a further statement in writing in respect of any of the matters to which the appeal relates, and if, after considering the grounds of the appeal and any such further statement, the Minister is satisfied that he is sufficiently informed for the purpose of reaching a decision as to the matters to which the appeal relates, he may decide the appeal without further investigation; but otherwise the Minister shall, if either party so desire, afford to each of them an opportunity of appearing before and being heard by a person appointed by the Minister for the purpose.

1(*d*). Where an appeal is brought under the aforesaid Regulation from a decision of the local planning authority the Minister may allow or dismiss the appeal or may reverse or vary any part of the decision of the local planning authority, whether or not the appeal relates to that part, and deal with the application as if it had been made to him in the first instance.

1(*e*). The decision of the Minister on an appeal under the above-mentioned Regulation shall be final.

2(*a*). Any person who is required under the Town and Country Planning (Control of Advertisements) Regulations, 1960, to remove an existing advertisement which was also being displayed on the seventh day of January, 1947, or to discontinue the use for the display of advertisements of any site being used for that purpose on the 1st August, 1948, and who desires to claim compensation under Section 126 of the Town and Country Planning Act, 1962, in respect of any expenses reasonably incurred by him in carrying out works in compliance with such a requirement, shall submit a claim in writing to the local planning authority within six months after the completion of such works; and such a claim shall contain sufficient information to enable the local planning authority to give proper consideration thereto, including, in the case of a claim in respect of the removal of an advertisement which was being displayed on the seventh day of January, 1947, and on the 1st August, 1948, a statement that such advertisement was being displayed on both those dates.

2(*b*). If the local planning authority consider that the information furnished by any claimant under Regulation 30 is insufficient to enable them properly to determine the claim, they may call for such further particulars as they require for that purpose.

3. Save only as excepted by the Regulations, it shall be a condition of every consent given by or under the Town and Country Planning (Control of Advertisements) Regulations, 1960 (whether expressly imposed or not) that before any advertisement is displayed on land in pursuance of the consent the permission of the owner of that land or other person entitled to grant permission in relation thereto shall be obtained.

4(*a*). The amount of the fine to which a person who displays an advertisement in contravention of the Town and Country Planning (Control of Advertisements) Regulations, 1960, is liable on summary conviction under subsection (2) of Section 63 of the Town and Country Planning Act, 1962, is fifty pounds and, in the case of a continuing offence, forty shillings for each day during which the offence continues after conviction.

4(*b*). Failure to observe any condition relating to the maintenance of an advertisement or of the site used for the display thereof, or to the satisfactory removal of an advertisement, shall not be a contravention of the aforesaid Regulations for the purpose of subsection (2) of Section 63 of the Act in so far as concerns any person who is only deemed, by virtue of subsection (3) of that Section to display such advertisement, unless within the time allowed for complying with an enforcement notice served on such person under Regulation 23 of the aforementioned Regulations steps required by the notice to be taken to remedy such failure are not taken.

NOTES.

1(*a*). Where, on application being made for consent under the Town and Country Planning (Control of Advertisements) Regulations, 1960, consent is refused by the local planning authority or is granted by them subject to conditions, the applicant may appeal to the Minister:

Provided that the Minister shall not be required to entertain an appeal under Regulation 20 if it appears to him, having regard to the provisions of the aforesaid Regulations, that consent for the display of advertisements in respect of which application was made could not have been granted by the local planning authority, or could not have been granted otherwise than subject to the conditions imposed by them. Where a requirement of the discontinuance of the display to which this notice relates has been included therein pursuant to regulations 8 and 17 (4) the requirement shall take effect, if an appeal is made under regulation 20, only if consent is refused by the Minister and then at the expiration of 28 days from the notification of the Minister's decision.

1(*b*). Any person who desires to appeal under Regulation 20 of the Town and Country Planning (Control of Advertisements) Regulations, 1960, shall give notice of appeal in writing to the Minister within one month from the receipt of notification of the local planning authority's decision, or such longer period as the Minister may allow, and shall furnish to the Minister a copy of the following documents :—

(i) the application made to the local planning authority;

(ii) all relevant plans and particulars submitted to them;

(iii) the notice of the decision, if any;

(iv) all other relevant correspondence with the authority.

1(*c*). The Minister may, if he thinks fit, require the applicant or the local planning authority to submit within a specified period a further statement in writing in respect of any of the matters to which the appeal relates, and if, after considering the grounds of the appeal and any such further statement, the Minister is satisfied that he is sufficiently informed for the purpose of reaching a decision as to the matters to which the appeal relates, he may decide the appeal without further investigation; but otherwise the Minister shall, if either party so desire, afford to each of them an opportunity of appearing before and being heard by a person appointed by the Minister for the purpose.

1(*d*). Where an appeal is brought under the aforesaid Regulation from a decision of the local planning authority the Minister may allow or dismiss the appeal or may reverse or vary any part of the decision of the local planning authority, whether or not the appeal relates to that part, and deal with the application as if it had been made to him in the first instance.

1(*e*). The decision of the Minister on an appeal under the above-mentioned Regulation shall be final.

2(*a*). Any person who is required under the Town and Country Planning (Control of Advertisements) Regulations, 1960, to remove an existing advertisement which was also being displayed on the seventh day of January, 1947, or to discontinue the use for the display of advertisements of any site being used for that purpose on the 1st August, 1948, and who desires to claim compensation under Section 126 of the Town and Country Planning Act, 1962, in respect of any expenses reasonably incurred by him in carrying out works in compliance with such a requirement, shall submit a claim in writing to the local planning authority within six months after the completion of such works; and such a claim shall contain sufficient information to enable the local planning authority to give proper consideration thereto, including, in the case of a claim in respect of the removal of an advertisement which was being displayed on the seventh day of January, 1947, and on the 1st August, 1948, a statement that such advertisement was being displayed on both those dates.

2(*b*). If the local planning authority consider that the information furnished by any claimant under Regulation 30 is insufficient to enable them properly to determine the claim, they may call for such further particulars as they require for that purpose.

3. Save only as excepted by the Regulations, it shall be a condition of every consent given by or under the Town and Country Planning (Control of Advertisements) Regulations, 1960 (whether expressly imposed or not) that before any advertisement is displayed on land in pursuance of the consent the permission of the owner of that land or other person entitled to grant permission in relation thereto shall be obtained.

4(*a*). The amount of the fine to which a person who displays an advertisement in contravention of the Town and Country Planning (Control of Advertisements) Regulations, 1960, is liable on summary conviction under subsection (2) of Section 63 of the Town and Country Planning Act, 1962, is fifty pounds and, in the case of a continuing offence, forty shillings for each day during which the offence continues after conviction.

4(*b*). Failure to observe any condition relating to the maintenance of an advertisement or of the site used for the display thereof, or to the satisfactory removal of an advertisement, shall not be a contravention of the aforesaid Regulations for the purpose of subsection (2) of Section 63 of the Act in so far as concerns any person who is only deemed, by virtue of subsection (3) of that Section to display such advertisement, unless within the time allowed for complying with an enforcement notice served on such person under Regulation 23 of the aforementioned Regulations steps required by the notice to be taken to remedy such failure are not taken.

REFUSAL OF CONSENT TO DISPLAY OF ADVERTISEMENTS

To Coca Cola Bottling Co.(Oxford) Ltd., Cobden Buildings, Riverside, Grandpont, Oxford.
Agent: The Franco British Electric Co., Aerodrome Rd., Colindale, London, NW9.

In pursuance of their powers under the above-mentioned Act and Regulations, the Council as Local Planning Authority hereby REFUSE TO GRANT CONSENT to the display of the advertisement described hereunder:—

Description of Site

Las Vegas Cafe, Market Street, Nailsworth.

Nailsworth Urban District O.S. Glos 49.15. Edition 1936.
-- Parish Parcel No. --

Description of Advertisement

Display of an internally illuminated double sided box sign. Signs to read "Coca Cola" and name of premises. Overall size of sign 23" x 18". Height from ground level to top of advertisement 15'6". Overall projection 26".

The reasons for the Council's decision to refuse consent are:—

The display of this sign on this building which at the present time is clear of signs, would spoil the appearance of the building and the street, and would lead to a clutter of similar signs. The highway has a narrow pavement at this point and the display of a sign at this height would be likely to be an obstruction to highway users.

Dated this 31st day of March, 1967.

GUY H. DAVIS
Clerk of the Council.

NOTE. If the applicant is aggrieved by the decision of the Local Planning Authority to refuse consent for the proposed advertisements, or to grant consent subject to conditions, he may by notice served within one month of receipt of this notice or such longer period as the Minister may allow, appeal to the Minister of Housing and Local Government in accordance with the provisions of Regulation 20 of the Town and Country Planning (Control of Advertisements) Regulations, 1960. The appropriate form should be obtained from: The Secretary, Ministry of Housing and Local Government, Whitehall, London, S.W.1. The Minister is not, however, required to entertain such an appeal if it appears to him that having regard to the provisions of these Regulations, consent to the display of advertisements in respect of which application was made could not have been granted by the Local Planning Authority, or could not have been granted otherwise than subject to the conditions imposed by them.

Direction Sign
Dimensions of sign: 3' x 1'6". Height from ground level to top of sign: 5'.

The reasons for the Council's decision to refuse consent are :-

(a) The proposal constitutes the erection of an advance direction sign located at the junction of two County Roads. It is the policy of the Local Highway Authority that signs should, in general, be erected only on sites to which they relate thus avoiding a clutter of signs along classified roads detracting from or conflicting with statutory highway signs to the detriment of road safety. (Vide direction of the County Surveyor dated 26th March, 1979).

(b) The display of advance direction signs would be contrary to the policy of the Local Planning Authority to restrict the display of such signs in the interests of visual amenities.

Display of projecting sign.

CONDITIONS OTHER THAN STANDARD CONDITIONS (set out on the back hereof) AND REASONS THEREFOR

The sign hereby approved shall be for a limited period expiring on the 31st October, 1976.

REASON:

In the opinion of the Local Planning Authority the sign in the position proposed is detrimental to the street picture and temporary consent is only granted until the pedestrianisation of King Street takes place. This would mean that the highway sign adjoining the building would be removed and then the sign could be re-located at fascia level.
