22.15 Strategic Head (Development Services)

1. Authority to determine the operation and award of all expenditure to relevant organisations from the Regeneration Service Budget in consultation with the Cabinet Member for Regeneration.

SCHEME OF DELEGATION

The delegation of all planning applications and other associated decisions and actions authorised under the terms of the Planning and Listed Building Acts are considered to fall within the scheme of delegation and will be determined by the Head of Planning (or an appointed representative) unless any of the following provisions apply: -:

1. The application is for full or outline planning permission for “major” development as defined in the Town and County Planning General Development Procedure Order 1995*, or its successor. (except applications for development of a similar character to applications already determined).
2. Where an Environmental Impact Assessment is required.
3. The Chair or Vice-Chair of the Development Control Committee or the Head of Planning considers that the application should be considered by the Development Control Committee.
4. The application has been withdrawn from the scheme of delegation because one or more of the provisions numbered 1-5 below apply.

OPERATIONAL ARRANGEMENTS

Use of the Weekly List

The weekly list will clearly show which applications fall within the scheme of delegation (marked “delegated”) and which will be reported to Committee (marked Committee).

The following week, a list of applications falling within the scheme of delegation will be circulated to Members, indicating the initial officer view of how that application is likely to be determined. This will indicate “support”, “oppose” or “support subject to amendment”. This latter category will be used for applications that are unacceptable as submitted, but could be made acceptable by amendment.

Evaluation Period

No application will be determined under delegated powers until the expiry of a minimum of 3 weeks after the date of registration.

The withdrawal of an application from the scheme of delegation

Applications which fall within the scheme of delegation will be withdrawn from the scheme and referred to the Development Control Committee for determination if: -

1. Where five or more planning objections are received which the Head of Planning considers are relevant to the application, which would otherwise be approved (not to include objections which are overcome by amended plans or by the imposition of conditions).
2. An objection that is correctly referenced to relevant planning policy or guidance is received from the Town or Parish Council in relation to an application that would otherwise be approved. (not to include objections which are overcome by

amended plans or by the imposition of conditions) or express support that is correctly referenced to relevant planning policy or guidance, to an application, which would otherwise be refused. Where a delegated decision is made that is contrary to the views of the Town or parish Council the officers report will contain a written explanation.

3. In the event that a recommendation following consultations is different to the initial officer view (i.e. to refuse an application which was originally identified to be supported) then the Chair or Vice-Chair of DC Committee in consultation with the Ward Member may decide whether the application should proceed to DC committee. In the case of “support subject to amendment” applications, such determination may be either by permission with suitably amended plans where necessary or a refusal because no suitable amendments are made (the case officer can provide details of the likely changes that might be required).
4. The Chair, Vice-Chair of Development Control Committee or the relevant Ward Councillor(s) so requests – such a request must be in writing (or email) and include a summary of the planning reasons together with a summary of the policies and proposals contained within the local Plan which are relevant to the consideration. This summary would then form part of the report to Development Control Committee. An indication of whether the referral to Committee would only be if the application were recommended for permission, or for refusal must also be included. A request by a Ward Councillor must be made within three weeks of the date the application was registered. The Ward Member or a member representative should be present at the relevant DCC meeting to present his/her views. (Other Members or a Town or Parish Council can ask the Chair or Vice Chair to bring an application to the Development Control Committee.
5. The application to be permitted would represent a significant departure from the policies of the statutory Development Plan. In this context significant is defined as a decision that would represent more than a technical breach and which conflicted substantially with the underlying principle of the policies.

Note: - The above operational arrangements excludes any application which is required to be determined within a set period of time e.g. Agricultural or Telecommunication Prior notifications or where the determination is a matter of fact and law, Certificates of Lawful Development or proposals where the District Council are consultees, such as those by the County Council for works to schools where they carry out the appropriate consultations.

For the avoidance of doubt, in the event of any potential conflict between the rights of Members under this Scheme and the Mandatory Code of Member Conduct, the requirements of the Mandatory Code are to prevail.

Refusal of Applications superseded by events or where Information requested has not been received.

Applications falling within this category may be refused under delegated powers even if they were not originally identified as delegated, and irrespective of the amount of objections or support received.

Decision notices relating to applications which have been considered by the Development Control Committee and resolved to grant permission subject to a legal agreement, shall be issued subject to the completion of the agreement in accordance with the terms outlined to members.

If the applicants or their appointed agents have not made reasonable attempts to complete the agreement within one month of the resolution by Development Control Committee, the application, subject to the discretion of the Head of Planning may be refused on the basis that the applicant has failed to satisfy the terms of the relevant development plan policy.

Appendix C

DELEGATION OF DECISIONS ON ENFORCEMENT NOTICES OPERATIONAL ARRANGEMENTS

Use of the Weekly List

A list will be added to the back of the weekly list, setting out breaches of planning control that have been investigated. For each case the list will set out the action which officers intend to pursue, i.e. "expedient" or "not expedient" to take enforcement action.

Evaluation Period

No further action will be taken on any of the cases listed until the date specified at the bottom of the list, which will be 2 weeks after the publication of the list.

The withdrawal of an enforcement decision

Enforcement decisions will be withdrawn from the scheme of delegation and be referred to the **Development Control** Committee if a Ward Member or a Member of the **Development Control** Committee so requests.

Exception

Where the Strategic Head (Development Services) believes that it is expedient to take action against a breach of planning control, where that action could result in the demolition of a building of over 100 sq. metres floor space, or an extension to a dwelling house of over 100 sq. metres floor space, that case will be reported to the **Development Control** Committee in the normal way.

Further Action

Where the delegated decision is to take enforcement action, officers will take any necessary action to secure a cessation of the breach.
