

FOI Requests Relating to Foreign Trips

Environmental Health Service

This service has taken part in a 3 year climate change related project which received EEC funding through the Intelligent Energy Europe Project Fund. The project title was 'Innovative Thinking' and the project lead was Daals-Ed Sweden. Please note that all the travel referred to below relates to this project and all the travel and accommodation costs referred to below were included in the project costs for which EEC funding was received.

The only direct cost to SDC was officer time.
