Re: Freedom of Information Request

Thank you for your email of 4 December and your subsequent FOI request. I apologise for the delay in replying to your original email. However, we have needed to liaise with Limehouse in order to extract all the data you requested into a single spreadsheet. Unfortunately this took longer than first anticipated. However, please find attached an Excel spreadsheet containing all the relevant data but with personal information (names and addresses) redacted. If you have any further queries about this, please contact Peter Gilbert, Planning Strategy Manager on 01453 754305 or via email at peter.gilbert@stroud.gov.uk

With regard to the first question in your FOI request, I do not understand what you are seeking. The Limehouse software is a standardised consultation package that is hosted on their servers and we utilise as necessary within the terms of a standard contract. There were no specific requirements placed by SDC on Limehouse with regard to this consultation. If you still require further information in this respect, please contact Peter Gilbert as above.

I hope that this information is of assistance to you. If you have any complaint about the way in which your request for information has been handled, please write to the Legal Services Manager Who will undertake a review. If you remain dissatisfied you may write to the Information Commissioner for a decision.

Yours sincerely,

Peter Gilbert
