Very useful. We have a great deal of contact with young people through our junior warden scheme and community events

Film was excellent and gave a good insight into school life for young people

Has given me insight into the issue from a teenager's perspective

Good opportunity to raise awareness and highlight a less obvious area of hate crime behaviour

DVD was great. Well done. Do you work outside the district?

Very useful. Bullying comes up in our partnership.

Your approach is very good. Is this programme available to other districts/

Video very powerful. Really useful background plus the information and where to get further information was good.

Although aimed at young people the video would still be used to stimulate discussion with adults
