Subject: Development Sharpness and surrounding areas.

Dear [REDACTED]

I am emailing because I strongly object to the proposed housing development in this area. Berkeley and surrounding villages need to be kept rural. The people living here want it kept rural.

The roads and infrastructure can't support it and we don't want the traffic and light pollution and other pollution etc that goes along with any big development.

Housing estates will have a huge detrimental effect on the area.

Also, there'll be an increased flood risk. Oh I'm sure you'll protect your new estate houses from flood, but the water will go somewhere, probably end up flooding where it's never happened before. We are close to the river!

I know you have quotas to fill, but why not use brownfield sites, like the old Newport Towers. That can ONLY be improved!

Please don't build on our fields and destroy our communities, we live here because we like how the area is now. No one here wants new houses. NO ONE!

Regards
