Dear Planning Strategy Team,

I am writing in regard to the Stroud District Local Plan Review - Emerging Strategy Document placed on public consultation on 16 November 2018.

Pleased be advised that I made a written submission to the Stroud District Plan Review - Issues and Options Document 2017. The submission related to Site MIN B and a copy of that submission (together with attachments) is attached to this email. I am resending this submission to you as I am unable to see any consideration of the comments made in my previous submission in the Emerging Strategy 2018 document and more specifically no changes to the boundary of Site MIN B (now Site PS05) in the 2018 consultation document.

I request that my comments are taken into consideration in the council's next stage of the District Plan Review and a response is provided. I am concerned that the community is being invited to comment on the District Plan Review but that no response is provided to those comments.

I look forward to hearing from you.

Subject: Stroud District Local Plan Review - Specific comment relating to Site MIN B (page 38)

To The Planning Strategy Team

Please find attached a submission to the Stroud District Plan – relating to Site MIN B (page 38). This submission contains the completed consultation response form and five attachments (A to E). Attachment A contains the main written response to the Local Plan Review and Attachments B to E provide background information to support the written submission.

This submission is made in good faith on behalf of the sole owner/occupier of [REDACTED]
[REDACTED] and is based upon the information available at the time of preparing the submission.

Please contact [REDACTED], on [REDACTED] should you require any further information.

Thank you for your consideration of this matter.
