

Making a Difference

# Age UK Gloucestershire and SSAFA Gloucestershire are working together to support local older veterans.

If you, or a member of your family, served in the Armed Forces and were born before 1950, we can help you to access local services and ensure you have the essentials for a safe and comfortable later life.

## We can:

- Help you apply for any financial benefits you may be entitled to
- Offer opportunities for you to volunteer with both charities to support people of all ages, from students to older people
- In some cases, provide one-to-one specific support to plan for the later life you want to lead
- Help you connect socially with other veterans
