7 February 2020

Good morning Mr Slater

Cam Parish Council considered the responses to Regulation 16 of its local plan at its meeting of Wednesday 5th February and would like to note the following comments.

CAMES2 - : Cam parish Council accepts the point highlighted by Stroud DC that the policy should only apply to land above the 50m contour outside of settlement development limits.

Cam Code 3f: Tree Replacement / Policy CAMCD2

Cam Parish Council would like to stress the importance of trees on many levels in Cam and this is clearly and fully evidenced in the Cam Code. The replacement of any lost trees should be informed by this evidence base and by drawing on best practice from other areas that are actively increasing tree cover in mitigation of climate change, place making and local distinctiveness.

Many thanks for your time

Kind Regards

Jenny Walkley
Clerk to the Council
