To Stroud District Council

Dear Sir/Madam

I am writing to express my alarm at the proposed Wisloe Green Development for the following reasons:

- It would destroy our much loved Slimbridge and Cambridge villages and our way of life and turn them into a town
- The land is good quality agricultural land. It should not be built on and would be lost for ever
- It would generate a huge amount of extra traffic and therefore pollution
- Our roads are not built for this extra traffic
- The density of building would be detrimental to the mental health of local residents
- It would destroy wildlife
- It goes utterly against why the Ernest Cook Trust was set up. Its aims are: "Making use of its landed estates as a direct source for educational visits and associated activity. It helps children/young people, the general public and mankind." I cannot conceive that Stroud District Council would violate these conditions. It would be unacceptable and shocking.
- An alternative would be Arlingham which actively wants new houses.

Yours faithfully
