Dear Sir or Madam,

I live very close to this proposed development and I wish to object very strongly to the fact that the developers are re submitting a revised plan for this site.

Let's talk about these developers who decide people's futures and how they are going live their lives.

Get it built at any cost seems to be the buzz word. We have the government pushing the country to build more and more houses. This filters down to the local councils who have enormous pressure put on them and eventually they have to make decisions which, to be frank fly against logic.

This site is not a SUITABLE SITE. As of this time there has been so much rain, that the fields where building is planned, are waterlogged. The lying water is deep enough for dogs to swim ! And houses are being considered on this land?. Crazy.

This is a floodplain, no doubt about it.

Now the traffic problem. With one entrance and roads that meet requirements, but are totally inadequate. parked cars on the roadside. Why do I say this.? Well you tell me, Oh no ! I'll tell you. WHY DO PLANNERS ALLOW DEVELOPERS TO BUILD GARAGES THAT ARE SO NARROW THAT IF YOU CAN GET the car in YOU CANT OPEN THE DOORS!! So where do people park? Why on the roadside of course!

The Box Road development is a prime example. So is Littlecombe. So are the houses at Quedgeley.

What is wrong with the planners? Do you not have control with this problem?

This proposed development will be a total disaster.

Our beautiful Cotswolds and the area of ANOB. The developers have said "very little impact on the ANOB" This is so not true.

It's not about Nimbyism any more, it's about what's right for Dursley and the Whiteway estate. We do not want to see this crazy scheme to continue.

So SDC , have the guts to kick this out!

Yours sincerely
