Dear Sirs

We would refer to the Stroud District Council Draft Plan 2019 which sets out Washwell Fields as their preferred site for building up to 20 additional houses in Painswick. We do not object to the proposal for additional houses but we do object most strongly to the proposed access via Lower Washwell Lane.

We live in Overmead which is situated immediately on the right as you join Lower Washwell Lane from the A 46.

This can already be difficult to negotiate as our personal experience has seen some very near accidents as we use this junction on a daily basis. During rush hour and in the dark the position becomes worse.

We would register our very real concern on the grounds of traffic usage and the increased risk of accidents to the many adults and school children on the way to school or to the Rec. We feel that there must surely be a more suitable access to the new development probably off the A 46.

Please acknowledge our concerns.

Yours sincerely
