Dear Stroud Planning,

I am writing this email regards the new build project to the scale that has been put forward, we have lived in this area for many years the fields, valleys, wooded areas etc are of outstanding beauty, and make this area a dream to live, we wanted to live here due to the views out across the fields across the fields and of the Severn, the area and its wildlife is outstanding, the countryside and beauty is outstanding, so why destroy our area.! Haven't you damaged enough of our local villages and towns with mass building ? No investment in the infrastructure after these works, the removal of the successful football ground all the locals growing up used years ago to build on with promises of new playing fields and grounds which took years to get a small playing area !!

You take about 5000 houses this with traffic, concrete, lorries etc would be unbearable ! 5000 new homes with probably 10000 cars to associate would be hell on the infrastructure and will never be resolved.

This village and the surrounding area will be no more it will be a mass of housing estates.

if you lived here you would understand.

I strongly oppose with this build project.

Regards

■
