Standish Parish Council

31 July 2020

Dear Sir/Madam,

## **SEA and HRA Opinion for the emerging Standish Neighbourhood Development Plan**

As part of the process in the development of the Standish NDP, Stroud District Council, as the Local Planning Authority (LPA), is required to give a screening opinion on whether the plan requires an SEA or HRA to support the document. As has been discussed at previous meetings, it is our opinion that the plan will require SEA/HRA as it proposes to allocate a site. It was indicated by representatives of Standish Parish Council (the qualifying body), and their consultant Andrea Pellegram, that they are in full agreement with this requirement.

As the LPA and the qualifying body are in agreement that an SEA/HRA will be required, it is suggested that a full screening report is not required, and that this letter is accepted as Stroud District Councils opinion that SEA/HRA will be required.

Yours Sincerely
