

Stroud District Council

COVID-19 additional relief fund scheme

1.0 Purpose of the scheme

- 1.1 This guidance is intended for businesses liable for business rates for the 2021/22 financial year within Stroud District Council who may be eligible for an award of discretionary rate relief through the COVID-19 Additional Relief Fund (CARF) announced by the government on 15 December 2021.
- 1.2 This guidance sets out the criteria under which business will qualify to make an application and the evidence required to support.
- 1.3 The Government is not changing the legislation. Instead, funding is being provided to local authorities to use their discretionary relief powers under section 47 of the Local Government Finance Act 1988 (as amended) to grant relief in accordance with the guidance provided.
- 1.4 The relief can only be awarded in respect of the 2021/22 business rates liability and will be awarded after any other mandatory and discretionary reliefs.
- 1.5 Local authorities can determine how much relief to provide and which businesses to support but it should be directed at businesses adversely affected by the pandemic that have been unable to adequately adapt.
- 1.6 Stroud District Council has received £2,344,761 funding for the CARF scheme.
- 1.7 The guidance is available at <https://www.gov.uk/government/publications/covid-19-additional-relief-fund-carf-local-authority-guidance>

 - b. must not award relief to a hereditament for a period when it is unoccupied (other than hereditaments which have become unoccupied temporarily due to the government's advice on COVID-19), and
 - c. should direct their support towards ratepayers who have been adversely affected by the pandemic and have been unable to adequately adapt to that impact.
- 2.2 In addition to 2.1 above, to be eligible businesses must meet the following criteria:

- a. Business must be liable for a period of occupied business rates liability between 1 April 2021 and 31 March 2022.

4.0 Funding and Granting of Relief

4.1 Stroud District Council has been allocated £2,344,761 for the CARF scheme and will distribute to support businesses affected by the pandemic.

4.2 The level of relief to be awarded will be determined once all applications have been received and assessed.

4.3 The scheme will be open for applications from 13 July 2022 until 12 August 2022.

4.4 The level of relief awarded may be a percentage of rates payable or a fixed amount and a cap may be set to limit the maximum amount to any one business or property.

4.5 In determining the levels of relief to be awarded consideration will be given to the impact of the pandemic on certain business sectors, rateable value ranges and the amount of business rates due to be paid.

4.6 The relief will only be awarded in respect of the 2021/22 business rates liability after any other mandatory and discretionary reliefs. No cash payments will be made.

4.7 Where a business has paid the 2021/22 business rates liability any credit will be transferred to the 2022/23 liability and instalments recalculated for the balance due. A refund will only be made if the overall account is in credit.

5.0 Subsidy Control

5.1 The Council's COVID-19 Additional Relief Fund (CARF) scheme is subject to the subsidies chapter within the UK-EU Trade and Cooperation Agreement (TCA). However, for CARF there is an exemption for subsidies under the value of approximately £2,243,000 per economic actor (broadly speaking, for example, a holding company and its subsidiaries).

5.2 This allowance comprises 325,000 Special Drawing Rights (at current exchange rates about £343,000) for Small Amounts of Financial Assistance and a further £1,900,000 for COVID-19 related subsidy.

5.3 Therefore, to be awarded CARF you must not have claimed over the period 2019/20 to 2021/22 more than £2,243,000 from schemes which fell within the Small Amounts of Financial Assistance or COVID-19 related allowances.

5.4 Any COVID-19 business grants a business ratepayer has received from local government and the 2019/20 Retail Relief should count towards this limit, but you should not count any Extended Retail Discount you have received since 1 April 2020.

5.5 Businesses should refer to the details of subsidy control in the guidance - <https://www.gov.uk/government/publications/covid-19-additional-relief-fund-carf-local-authority-guidance>

5.6 As part of the application process businesses will be required to declare that by receiving the relief they will not exceed the allowances

6.0 Applications and Evidence

6.1 Businesses will be required to complete the Council's application form and provide any supplementary evidence requested. This may include, but is not limited to bank statements, audited accounts, profit and loss account, statement from auditor, accountant or person with responsibility for the finances.

6.2 Businesses must supply all information including any additional or supplementary information requested. Failure to do so will result in the application being rejected.

6.3 Any information requested must be provided in a format to enable easy interpretation

6.4 Where insufficient information is provided or information is deemed to be unsatisfactory applications will be rejected.

6.5 The application form will include a subsidy control declaration which must be fully completed in all cases.

7.0 Administration

7.1 Stroud District Council will administer the schemes under Section 47 of The Local Government Finance Act 1988 as amended by The Localism Act 2011 and The Non-Domestic Rating (Discretionary Relief) Regulations 1989 (S.I. 1989/1059).

7.2 Eligibility for reliefs will be determined in accordance with the guidance provided by the Department for Levelling Up, Housing and Communities (DLUHC) and the eligibility criteria in this policy.

7.3 Reliefs under the provisions in this policy will be awarded in respect of the financial year 2021/22 only. Retrospective awards of relief cannot be made after 30 September 2022.

7.4 There is no right of appeal against the Council's use of discretionary powers.

7.5 Successful applicants will be notified of the decision as soon as possible after the scheme closure on 31 May 2022.

7.6 There is no statutory right of appeal against a decision made by the council in respect of COVID-19 additional relief fund. However, the council will reconsider the decision if the ratepayer is dissatisfied with the outcome.

7.7 The council's complaints procedure (available on the council's website) will be applied in the event of any complaint received about this scheme, apart from the decision to award or not award COVID-19 additional relief.

8.0 Managing the risk of fraud and data sharing

- 8.1 Stroud District Council will not tolerate any business falsifying their records or providing false evidence. A ratepayer who falsely applies for any relief, or provides false information or makes false representation in order to gain relief will face prosecution and any relief awarded will be revoked.

This may include sharing data with the Counter Fraud and Enforcement Unit, other Local Authorities and Government departments.
