Dear Sirs/Madam,

It is very difficult to read and comprehend draft canal strategy. The stretch of wilderness from Brimscombe to Sapperton is a beautiful nature part of the area which should be left as it is for the people to enjoy and left as a legacy for future generations to have and appreciate its beauty and not more houses that will not bring any beauty to this amazing environment. Please protect the diversity of nature in the upper Frome valley and not construct more rigid concrete steal corridors. Keep it wild and quiet, free of noise and pollution.

Yours Faithfully
