

Fundraising in the Street in Stroud District

CASH STREET COLLECTIONS

By law you must hold a valid permit before you can collect money for a charitable cause in a public place. This may include selling goods for a charitable cause. Application forms are available on our website www.stroud.gov.uk or you can contact the Licensing Team using the contact details below.

At Stroud District Council we run a calendar system and only permit one charity to collect at any one time to ensure fairness to both the charities and the public.

Charities which have been granted an Exemption Licence from the Cabinet Office for street collections will not need a permit. However, it is hoped that they will also participate in the calendar system detailed above.

You may wish to contact the Licensing Team to see what dates are available before you submit your application.

RETURNS

After you have made your collection you must submit a returns form to the Licensing Team within 1 month of the collection.

DIRECT DEBIT CANVASSERS

The law does not require charities that canvass in the street for direct debit agreements to apply for permit to however we request that those charities also participate in our calendar system. We permit only one direct debit fundraiser to canvass for one day in any one week. To ensure fairness to the charities we only permit each charity to have one collection a month and requests cannot be made any earlier than 6 months in advance. To book into our calendar contact the Licensing Team on using the contact details below.

USING ANIMALS

If you are planning to use animals when collecting in the street please first contact the Animal Welfare Officer at Stroud District Council on 01453 754492.
