

PETITIONS RECEIVED BY STROUD DISTRICT COUNCIL SINCE JANUARY 2017

Petition Title	Petition to remove land to the south east of Dursley (PS29 in the Emerging Strategy consultation) as a preferred location for development in the Local Plan Review.
Petition Words	We call upon Stroud District Council to continue to protect the meadows and green fields to the south east of Dursley and remove 'PS29' as a 'preferred' location for development in the Local Plan Review. It is a sensitive, valued landscape and unsustainable because it will undoubtedly increase traffic congestion and pollution.
