To whom it may concern

I'm a resident of Whitminster village and I object to development of site WHI012 (Land South of Hyde Lane, Whitminster) which is well outside the existing development boundary and is served by an undrained single lane road that cannot support twenty houses.

I also object to development of PGP1 (Land at Grove End Farm) for up to 2,250 houses as it will destroy the local character of Whitminster village and extend urban sprawl from Stroud through to Whitminster.

Whitminster has recently already received development for some new homes and valuable green space has been taken up (Newland Homes development). The proposed developments above will completely destroy the village and community feel, the reason my family moved to Whitminster to raise our family.

Traffic is already busy within the area, causing congestion on local roads. Stroud has many other more suitable sites for development which would cause less impact.

Regards
