NOTES

1. If the applicant is aggrieved by the decision of the District Council as Local Planning Authority to refuse permission for the proposed development, he may appeal to the Secretary of State for the Environment in accordance with section 36 of the Town and Country Planning Act, 1971, within six months of receipt of this notice. (Appeals must be made on a form which is obtainable from the Department of the Environment, 2 Marsham Street, London, SW1 P3EB). The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission for the proposed development could not have been granted by the District Council as Local Planning Authority, having regard to the statutory requirements, to the provisions of the development order, and to any directions given under the order.

2. If permission to develop land is refused whether by the District Council as Local Planning Authority or by the Secretary of State for the Environment and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted, he may serve on the District Council, a purchase notice requiring the District Council to purchase his interest in the land in accordance with the provisions of Part IX of the Town and Country Planning Act, 1971.

3. In certain circumstances, a claim may be made against the District Council as Local Planning Authority for compensation, where permission is refused by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in section 169 of the Town and Country Planning Act, 1971.

REFUSAL OF CONSENT TO DISPLAY OF ADVERTISEMENTS

To F. Sacheverell Browning, Esq., Berkeley Arms Hotel, Berkeley, Gloucestershire,

In pursuance of their powers under the above-mentioned Act and Regulations, the Council as Local Planning Authority hereby REFUSE TO GRANT CONSENT to the display of the advertisement described hereunder:—

Thornbury Rural District O.S. Glos 48.13. Edition 1922.

Alkington Parish Parcel No. 17 pt.

Description of Advertisement

Display of a private direction sign to the
Berkeley Arms Hotel.

The reasons for the Council's decision to refuse consent are:—

- (a) The sign is likely to distract the attention of drivers from traffic conditions close to a junction on a busy road where traffic speeds are high and where there is a change in the lane-marking in the road, and so create new highway dangers.
- (b) The sign adversely affects the visual amenity of the area and its display would set a precedent for other signs unrelated to the sites on which they would be displayed, thus leading to an appearance of clutter.

REFUSAL OF CONSENT TO DISPLAY OF ADVERTISEMENTS

To M. V. White & Co., 51/53 Barton Street, Gloucester.

Agent: Spa Signs & Services Ltd., "Century House", Southgate, Gloucester.

In pursuance of their powers under the above-mentioned Act and Regulations, the Council as Local Planning Authority hereby REFUSE TO GRANT CONSENT to the display of the advertisement described hereunder:—

Description of Site

Bristol Road (east side) adjacent to

Dated this 17th day of January 1969

GUY H. DAVIS

THE REASONS FOR THE COUNCIL'S DECISION TO REFUSE CONSENT ARE:—

The Local Planning Authority consider that the erection of the proposed hoarding would be likely to distract the attention of road users unnecessarily, near the junction of the A419 road with the trunk road A38. It would therefore not be in the interests of road safety. Having regard to the essentially rural character of the area in which the site is located, the Local Planning Authority consider that the proposed hoarding would be detrimental to the amenities of the area as it would form an undesirable intrusion into the landscape.

Parcel Nos. 62 and 125

Description of Advertisement

Display of two single sided boards. Overall size 2' x 4'.
Height from ground to top of sign 6'.

The reasons for the Council's decision to refuse consent are:—

- (a) The signs which are in full view from a fast section of trunk road, one of which directs vehicles to cross the traffic stream, would be a source of danger and distraction to users of the highway.
- (b) The accumulation of such advance direction signs along the trunk road which would be likely if this application were permitted would be undesirable and prejudicial to amenity.

Dated this 13th day of March, 1965

GUY H. DAVIS,

Clerk of the Council.

NOTE. If the applicant is aggrieved by the decision of the Local Planning Authority to refuse consent for the proposed advertisements, or to grant consent subject to conditions, he may by notice served within one month of receipt of this notice or such longer period as the Minister may allow, appeal to the Minister of Housing and Local Government in accordance with the provisions of Regulation 20 of the Town and Country Planning (Control of Advertisements) Regulations, 1960. The appropriate form should be obtained from: The Secretary, Ministry of Housing and Local Government, Whitehall, London, S.W.1. The Minister is not, however, required to entertain such an appeal if it appears to him that having regard to the provisions of these Regulations, consent to the display of advertisements in respect of which application was made could not have been granted by the Local Planning Authority, or could not have been granted otherwise than subject to the conditions imposed by them.

TOWN AND COUNTRY PLANNING (CONTROL OF ADVERTISEMENTS) REGULATIONS, 1960

REFUSAL OF CONSENT TO DISPLAY OF ADVERTISEMENTS

To Mrs. I. M. Barton, Manor Farm, Moreton Valence, Nr. Glos.

In pursuance of their powers under the above-mentioned Act and Regulations, the Council as Local Planning Authority hereby REFUSE TO GRANT CONSENT to the display of the advertisement described hereunder:—

Description of Site

Gloucester Rural District	O.S. Glos	41.5	Edition	1923
Standish	Part/	62, 125	Parcel No.	

Description of Advertisement

Display of two single sided boards. Overall size 4'6". Height from ground to top of sign 6'6".

The reasons for the Council's decision to refuse consent are:—

- (a) The Local Planning Authority consider that directional signs such as proposed at the southwestern side of Standish Lane would encourage traffic to turn right across the traffic flow along A.38 where speeds are high and would, therefore be likely to result in additions to hazards of users of the highway.
- (b) The accumulation of advance direction signs along a Trunk Road would be prejudicial to the amenity of the area.

Dated this 17th day of February, 1966

GUY H. DAVIS,
Clerk of the Council.

NOTE. If the applicant is aggrieved by the decision of the Local Planning Authority to refuse consent for the proposed advertisements, or to grant consent subject to conditions, he may by notice served within one month of receipt of this notice or such longer period as the Minister may allow, appeal to the Minister of Housing and Local Government in accordance with the provisions of Regulation 20 of the Town and Country Planning (Control of Advertisements) Regulations, 1960. The appropriate form should be obtained from: The Secretary, Ministry of Housing and Local Government, Whitehall, London, S.W.1. The Minister is not, however, required to entertain such an appeal if it appears to him that having regard to the provisions of these Regulations, consent to the display of advertisements in respect of which application was made could not have been granted by the Local Planning Authority, or could not have been granted otherwise than subject to the conditions imposed by them.

TOWN AND COUNTRY PLANNING ACT, 1990

TOWN AND COUNTRY PLANNING (CONTROL OF ADVERTISEMENTS) REGULATIONS, 1989

In pursuance of their powers under the above-mentioned Acts and Regulations the District Council
as Local Planning Authority hereby REFUSE TO GRANT CONSENT to the display of the advertisement described hereunder:-

PLANNING REFERENCE No.
AND DATE OF APPLICATION

TO:-

A. Hinman Esq., Cocknells Farm, Moreton Valence, Gloucester.

Agent: George McDonic, Peppercorn Orchard, Great Hinton, Trowbridge, BS14 6DB. S.ADV/760/A
30.11.94

Description of Site

Comer Farm, Standish Lane, Moreton Valence
Moreton Valence Parish SO 7809-7909 A Edition.

Description of Advertisement

Erection of a non-illuminated double sided
directional sign.

Reasons:

The reasons for the Council's decision to refuse consent are:-

(a) The proposed sign is contrary to the policy of the Planning and Highway Authorities, whereby signs shall in general only be permitted on the site to which they relate, thus preventing an unnecessary plethora of signs along major traffic routes, distracting the motorist from statutory highway signs and would detract from the visual amenity of the area.

(b) The proposed sign would be likely to promote an increase in undesirable vehicle turning movements on a fast section of the county highway contrary to the interests of highway safety.

Dear Sir

**TOWN AND COUNTRY PLANNING (CONTROL OF ADVERTISEMENTS)
REGULATIONS 1992
APPEAL: OS 3223, CORNER FARM, MORETON VALENCE, GLOUCESTER
APPLICATION NO: SADV/760/A**

1. I am directed by the Secretary of State for the Environment to refer to the appeal of your client, Andrew Hinman, against Stroud District Council's refusal to permit the display, at the above-mentioned site, of a non-illuminated, double-sided, freestanding sign, measuring 1.37m. x 1.22m, at an overall height of 2.7m. The Secretary of State's decision has been made on the basis of the written representations and the submitted photographs and an officer of the Department has inspected the site.
2. The brief general description of the appeal site and its location, contained in the Council's statement enclosed with their letter dated 10 April 1995, is accepted.
3. The Council have confirmed that, notwithstanding the somewhat ambiguous comments in the reasons for refusal of your client's application, they are raising no amenity objection to the proposed sign. The Secretary of State has therefore confined his attention to the issue of public safety.
4. The proposed sign would be located within a field adjoining the east side of the A38, some 20 metres north of its junction with Standish Lane. It would contain black letters on a white background set within a post-mounted wooden frame. The letters would each measure 280mm in height and, as you have recently advised, the text of the sign would read "Gloucester Animal Feed". There would, in addition, be an arrow on the sign.
5. The Council are concerned that granting consent for the appeal sign would create a "precedent" to allow further signs at this location to the detriment of highway safety. However, under the Regulations, they would still have every opportunity to deal with any subsequent applications on their individual planning merits.

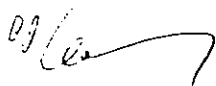

6. The Council's specific concerns on public safety are that the sign would distract drivers and would be likely to promote an increase in undesirable vehicle turning movements on a fast section of road. However, the sign would contain a simple message, with fairly large letters, which could be quickly assimilated; and the sign would be visible over a considerable distance in either approach. From the north, all that would be required of drivers upon seeing it would be a simple left hand turn. From the south, drivers are required to cross the carriageway but are provided with a filter-right lane. It is considered that approaching drivers intent on reading the message of the sign would be able to adjust their speed accordingly upon first seeing it, read the sign and safely turn at the junction without giving rise to sudden braking or dangerous positioning and manoeuvring on the main road. It is noted that the highway authority have referred to part of paragraph 1(h) of Appendix B to the Annex to Departmental Circular 5/92. However, this relates specifically to signs which embody directional or other traffic elements and which need special scrutiny because of possible resemblance to, or confusion with, traffic signs, which is not the case in respect of the appeal sign. In all the circumstances, therefore, it is concluded that the display of the sign would not be against the interests of public safety.

7. Finally, it is noted that the Council stated, as one of the reasons for refusal, that the sign would be contrary to their policy and that of the highway authority because it would not be displayed on the site to which it would relate. However, there is no requirement in the Regulations that signs may only be displayed on premises to which they relate and it is considered that, notwithstanding the policy in question, the sign is acceptable for the reasons given above.

8. Accordingly, the Secretary of State allows the appeal and grants consent for the display for 5 years from the date of this letter of the freestanding sign, as applied for.

9. This letter does not purport to convey any approval or consent which may be required under any enactment, byelaw, order or regulation other than Regulation 5 of the Regulations.

Yours faithfully

D B LEEMING

Authorised by the Secretary of State
