Dear Sirs,
Local Plan: Publication Stage
Representation

My representation relates to Paragraphs
3.1.8 to 3.1.10, Policy Number PS05,
Policy map PS05 (including land PS05a)

I do not consider the Plan is
sound for the following reasons:

- There has been no consultation on
the proposed access via The
Bulwarks to Butt Street.
- The Stroud Plan conflicts with
Minchinhampton's Neighbourhood

Development Plan.

- Congestion and increased volume of traffic throughout the town area. The narrow, ancient thoroughfares were not designed for modern vehicles. This proposed, large development, if granted, will only make road systems, already near breaking point, worse.
- Health. Importance of human health should be imbedded in the Stroud Plan.

Minchinhampton is often quoted as a favourable tourist destination. People come to admire the listed buildings and views from the town into the Cotswolds AONB. This is part of our heritage which must be treasured, and not thrown away to satisfy a quota system. I have witnessed firsthand the pleasure people take away after a visit to Minchinhampton. They go away uplifted, and delighted in the belief that such an area is indeed looked
